ED SUDDENLY.

Man on Hiking Trip Died Near Hickman Sunday.

A peaceful agricultural farmer from Lexington, his sole chase part of the country, G. Melton, died suddenly and inexplicably at 2 o'clock Saturday morning, while on a hunting trip to Hickman. He had been a member of the Hickman Hunting Club, two months ago. He had been fishing and hunting Saturday night, having a few glasses of beer. Mr. Melton, in company with his two daughters, was walking one other.

Saturday night at 2 o'clock Sunday morning he left Mr. Melton's house to walk home.

He died suddenly a few seconds before his wife awoke. A ruptured blood vessel in the brain was assigned as the cause of death. He was slightly over 50 years old. The remains were pre-

pared for burial by Barret & Loford

undertakers and carried back overland to Lexington. H. C. Barnes, who accompanied the party and remains to the cemetery, says an unusually large crowd had assembled to see them.

The supply of lumber will run short next winter and the government is urging every user to do his part toward saving every gallon of fuel oil per day by giving forth its full measure of light and heat. Saving can be accomplished, it is said, only if care is given lamps, lanterns, heaters and stoves.

There are now close to a million men left Americans in France. No longer business is picking up. There are some little peace talk leading to Berlin before this thing is over.

Still borrowing your neighbor's Shamus on you?

KEEP GARDENING.

Go and help the Red Cross.

G. M. Govey, one of our bustling former friends at Boundant, Ky., brought in a fine sample of cotton of his raising Saturday. Cotton in six weeks is opening rapidly and the picking period is not far off.

YOUR LAST CHANCE: Our subscribers may still get the St. Louis Tween Week Republic at 50c a year during the remainder of the month; after the first of September it will be \$1 a year.

"Uncle" Dave Hughes, one of our good colored friends, treated the editors to some fine cantaloupes Saturday.

ALL IN CLASS 1.

Local Boards Would Advance All Married Prior to May 1.

Twenty three out of twenty nine of the local county boards were represented Thursday at Princeton at a meeting called by the district board for the purpose of agreeing on a uniform method of classification of registrants. By a vote of sixteen to seven a resolution was adopted recommending to the war department to place all men in class I who married prior to May 1, 1917, who have not been given deferred classification on industrial or agricultural grounds, irrespective of dependency claims.

Chairman Yost, who presided at the meeting, instructed Mr. Weir of the Daviess county board, to return to the district board all questionnaires of registrants who had been given deferred classification on industrial or agricultural grounds. It is believed that the district board is preparing to reclassify a number of registrants who have been given deferred classification on industrial and agricultural grounds. Only the district board has jurisdiction in these cases.

THIRD VICTIM.

Claude Jackson Another Hickman Boy Reported as "Missing."

Alex. Jackson, of Hickman, B. F. D. No. 2, south of town, received a telegram from the War Department Friday advising him that his son, Private Claude Jackson, Infantry, is officially reported as missing in action July 15th. Will report first information received, McCuin, the Adj't. Gen.

The casualty list printed in Saturday's papers gave this young man as "killed in action." Inasmuch as the daily press reports, while not official, generally give out the news ahead of the Department's official advices, it is highly probable that his death will be confirmed later.

Private Claude Jackson was a volunteer, having enlisted at Hickman along with 23 others, July 24th, 1917 and was sent to Camp Taylor for training. Of course, he had been overseas for some time.

His untimely fate—if such it be—is regretted by his many friends in this section. He was a fine young man. If he has made the supreme sacrifice, he is the third Hickman boy to fall—and his memory will be revered by another gold star on the county's service flag.

ROBT. CRADDOCK.

Died at County Farm Saturday at Age of 70 Years.

Robert A. Craddock, for many years a county charge, passed to his reward Saturday, after a short illness of bowel trouble. He was 70 years or more of age and his death occurred at the Fulton County Farm, just south of town. Deceased leaves a wife and one son. He was born and reared in this county. In the struggle for existence, he was less fortunate than most of his fellow men; want and penury stalked his path in old age—and to the end. Death closes his humble career, but, it is untarnished, unsullied. If he saw no glittering star-life paid no measure of rapture—neither did death veil his couch in the uncertainty of dread—which more than oftentimes may be truthfully said of those of superior attainments—whose faults are quickly covered by the mantle of charity.

Jas. Maddox and wife, W. G. Adams, Miss Lois Carlisle, D. C. Maddox and wife and Mrs. J. E. Olive composed a party that motored to Memphis Tuesday, returning Friday.

J. H. Boyle and Geo. Newton will give a barbecue, bran dance and ice cream supper at Stubbs Park tomorrow and tomorrow night.

Please don't ask for free copies of the paper. The Government has ordered that the giving of free copies be positively discontinued.

Robert Lee Brasfield, of Greenfield, Tenn., is spending this week with his cousin, Roger Burris.

HUMAN FLY KILLED.

Roy Meyers, a steeplejack, called "The Human Fly," because of his exploits in climbing hazardous prominences, was killed Saturday when he fell from the cupola of the Adelot court house at Adelot, Ill., while performing in aid of the Red Cross campaign.

Meyers will be remembered particularly for scaling the Flat Iron Building in New York.

CHAS. MAYO MISSING.

Chas. Spurgeon Mayo, son of Rev. Theo. Mayo, pastor of Poplar Grove and Beaufort churches, but who resides at Dresden, Tenn., is reported as missing from the American forces in Europe. He was probably captured during the fighting in July, since which time he has not been heard from.

A NICE DONATION.

Mrs. Tom Bone and Mrs. Harry Lee King, two of Fulton county's most excellent ladies, gave the local chapter of the Red Cross a nice sum Saturday, with a donation of \$11.13 which they raised through the sale of chickens and giving an ice cream supper. Their names should go the Red Cross Roll of Honor.

A woman who had been in the habit of giving checks on a certain bank periodically received a written notice from the bank informing her that her account was overdrawn, whereupon she called at the bank and said, "I'm glad you notified me. I will write you a check for the amount of the overdraft."

Confederate Veterans Get Slight Increase in Pensions.

Thirty-five Confederate pensioners are reported to have received the latest quarterly distribution. In the November distribution the pensioners will receive \$7.50 instead of \$7.00, the rate of \$12.50 monthly being increased to \$13.50.

What the increase is a result of it will be welcomed by the old "twinkies" in these days of high costs. There are several beneficiaries in Hickman, who will have no trouble in getting the extra \$2.50 a month.

QUER BUT TRUE.

Why is it some Union county men who are as sharp as tacks to most things are as soft as a feather to others? Get a car and drive around the country and you will see farms becoming everywhere exposed to the elements—houses starting in the tubs—corncribs falling down—fences of timbers and so forth just like they were built in Hickman, L. O. If the same old jaded ones of these bold Union men joined one of these bold Southern men in a cause worth their while, you'd see the possibility in the future of his home. But he can't do that, because that's what he wants, and nothing can stop him, and he'll prove his position, and his position in the Union without any difficulty, though, and the time will come.

Today many are moved that the government has imposed the existing strict regulations on patriotism, and are anxious to help conserve paper in the present paper shortage. They are also loath to give papers to children at school ages free to anyone—without restriction or limitation.

A difference statement that Rev. H. C. Gandy, United Methodist pastor of Fulton and editor of THE HICKMAN, has agreed to speak to Fulton High School students on the 20th of Sept. 1918. Mr. Gandy said over dinner, of course, he makes no statement.

At 10 a.m. and with Miss Ethel Park, Mrs. Gandy and son, Mr. Gandy of Hickman were here Tuesday of last week enroute to New Mexico. On the first part of their trip, Mrs. Gandy, Mr. Gandy and son, arrived at El Paso on the 20th.

REAL VALUES

It isn't always the price you pay that determines real value—sometimes excessive prices are asked for inferior quality merchandise. Nothing here is overpriced. For instance if you spend 50c here for an article you can feel sure that you have received an article whose real value is 50c. You have our assurance for this. Proof positive will reveal itself upon careful inspection of our merchandise.

There never was a time when any one could really afford to pay more for an article than it was worth. But now it is trebly important that you receive 100 per cent. value for every cent expended. Here you can find dependable qualities at prices that give you what you are entitled to.

War Time Sweeteners

MERICA has several excellent war time sweeteners that will be used largely during the shortage in the sugar supply.

They are maple sugar, syrups, honey and molasses and may be used in preparing desserts and other dishes requiring sweetening.

When a cup of syrup or honey is used to replace a cup of sugar the liquid in the recipes should be decreased one-fourth. One-third of a cupful of sugar is equivalent to one-third of a cup of honey, about one-half cup of syrup and about one-half cup of corn sugar. One-fourth of a cup of sugar is equal to about one-half cup of syrup or one-third cup of corn sugar. One tablespoon of sugar is equal to one tablespoon of honey, about one and one-half tablespoons of syrup and one and one-third tablespoons of corn sugar.

Sugar may be saved by the use of raisins, dates, figs, dried pears and fruit pastes used on the breakfast cereals.

Fruit marmalades, butters and jellies should be used to take the place of the ordinary sweetening at a meal and not as accessories to it. Fruits may be preserved without sugar. It may be added when sugar is more plentiful.

Preserving demands this year a thin syrup instead of a heavy syrup.

If sugar is used one-half of the amount may be replaced by another sweetener.

Drying is a means of preserving (without sugar) apples, cherries, strawberries and black caps.

When ready to use they may have added the needed sugar in the form of a syrup. When sugar is more plentiful fruit juices may be made into jellies or may be used as fruit juices with or without sugar, as beverages, fruit gelatins and frozen desserts.

Fresh fruits supply the place of sugar in the diet. They should be used freely. Desserts where sugar is scarce may be made of gelatins, junkets, custards, puddings and cakes.

Several Cases of Interest Filed With Circuit Clerk Hampton.

Commissioner of Dixie, A. M. Tamm, vs. C. S. Patterson, Trustee. A suit in the Circuit Court, amounting to \$200.

O. W. Dugay vs. Will West. A suit for \$100 damages. Plaintiff claims he incurred a great loss in the sale of his horses, whose net value was exceeded by the amount of wages claimed by the buyer. Dugay claims that his particular claim of \$100 is not the result of the need of the horses, but the result of the failure of the buyer to make payment when the seller had asked him to do so.

J. K. Walker vs. W. R. and T. W. Seabrook. Suit for \$75. Plaintiff claims the defendants sold some wheat which was not fit for the market and the animal died because the wheat was not fit for animal pasture. He claims \$75.

LOST IN ACTION.

Rdt. Alexander Fourth Hickman Boy
Killed on Foreign Soil.

A telegram was received by W. H. Alexander, Senator, from the War Department advising him that his son Robert Alexander had been killed in action in France July 19.

Robert was 23 years old, born and reared on the old home place, comes from town. He was one of 21 young men who enlisted more or less voluntarily in July 1917 and went overseas in the early spring. In that armistice war Robert became a hero, distinguished himself in battle, was made a captain. His death is mourned throughout the state. Both boys were courageous and friends left together and succeeded in getting into the supreme sacrifice on the same day. In the name of God, besides his parents, young Alexander survived by his brother and two sisters. He has well known here and left a splendid reputation. His memory deserves commemoration and blow to loved ones and friends. He is the fourth Hickman boy to fall in battle, the others being S. L. Lewis, J. C. Lewis, and H. M. Lewis. However, 2000000 gallons of bullets are used up in battle for every soldier fought the soldiers of those great nations, and their hearts and their lives have been preserved in memory of the gallantry of the gallant community.

MARKET GLUTTED.

Lifting of Ban and Drouth Causes Big Drop in Cattle Prices.

Cattle are being slaughtered for meat and export because there is no longer demand for the meat. Production has reduced prices 20 per cent. Average live beef market is about \$1.50.

This is the result according to the food administration that has lifted the ban on beef to the point of forcing the consumer to eat the cut of higher cattle.

The sale is throwing on the market of cattle in large quantities but of weight too light for suitable army use has been caused by the drouth over the cattle lands, notably in Texas. The market at Fort Worth, Texas last week broke all records with 50,000 head of cattle received in one day.

The situation is described as "tragedy" in reports to the food administration. Cattlemen are spending their money breeding stock because they have not the finances to feed the herds and the cattle feeds are being stripped. The drouth has been of almost three years' duration and the cattlemen have exhausted their finances in feeding the stock.

AMERICANS ASKED TO LIMIT USE OF SUGAR

Must Use No More Than Two Pounds Per Person a Month if the Present Meagre Allied Sugar Ration Is Maintained.

Stocks Will Be Short Until Beginning of New Year—Ration May Be Enlarged Then.

Two pounds of sugar a month—half a pound a week—that is the sugar ration the U. S. Food Administration has asked every American to observe until January 1, 1919, in order to make sure there shall be enough for our Army and Navy, for the Allied armies and for the civilians of those nations.

By New Year's the world sugar situation will be relieved somewhat by the new crop. Cuban sugar of this year's crop will be arriving in this country.

Every available sugar source will be drawn on by the Food Administration during the next winter months to maintain sufficient stocks here to keep up our national sugar supply. During October the first American beet sugar will arrive in the markets. By the middle of November some of our Louisiana cane crop will be available. All of this sugar and more may be needed to keep this nation supplied on a reduced ration and to safeguard the Allied sugar ration from still further

reduction. In Europe the present ration is already reduced to a minimum.

Our Situation.

The situation which the United States faces in its efforts to maintain fair distribution of sugar to the Allied world is as follows:

Sugar supplies throughout the country, in homes, stores, factories and bakeries are at a low ebb. We must make increased sugar shipments to the Allies.

Production of American beet and Louisiana cane crops have been disrupted.

Porto Rico crops have been cut.

Immense sugar stocks in Java cannot be reached on account of the shipping shortage; ships are needed for troop movements and munitions.

Army and Navy sugar requirements have increased as well as those from the Allies.

Most industries using sugar have had their allotment reduced by one-half; some will receive no sugar.

Households should make every effort to preserve the fruit crop without sugar, or with small amounts of sugar. Later, when the sugar supply is larger, the canned fruit may be sweetened as it is used.

Please don't ask for free copies of the paper. The government has ordered that the giving of free copies be positively discontinued.

Prompt service and low prices.—Bettsworth.

\$75,000 FIRE.

Mengel Box Plant at Mengelwood Has Big Fire Monday

A fire occurred at the big plant of the Mengel Box Company at Mengelwood, Tenn., Monday morning at about 3:30 o'clock, destroying the large storage house and commissary of the company and including several dwellings. The fire broke out in the store building and caused a loss of between \$75,000 and \$100,000 as nearly as can be ascertained, and with \$60,000 insurance.

The cause of the fire has not been learned. By hard work with a large force of men the fire was kept from spreading to the rest of the building. The Mengel Box Company has been in business since 1904.

The KITCHEN CABINET

The happiness or unhappiness of men depends no less upon their disposition than upon their fortunes. Rule #1.

MORE GOOD SAVING DISHES.

Asparagus are excellent this season as well as carrots. They may be used in various ways according to its mode of cooking, as well as pickling it in pickle-barrel. Where a large proportion of mashed potato is used it is necessary to add the flour gradually or it will not work in and if not enough flour is added the bread will be indigestible.

Scalloped Potatoes and Hominy.—Put six medium-sized potatoes through a ricer. Butter a baking dish and put a layer of potato in the bottom of the dish then a layer of cooked hominy, seasoning well and cover with a layer of grated cheese. Repeat until a cupful of hominy, a cupful of grated cheese and the potatoes are all used. Cover with a cupful of milk and finish with a fourth of a cupful of dried cranberries well buttered. Bake in moderate oven twenty minutes.

Slice bananas and brown in a little fat, sprinkle with lemon juice and a few grains of sugar. Serve with meat as vegetable.

Oatmeal Macaroons.—Take one and a half cupfuls of oatmeal, parch it until it is light brown, then put it through the meat grinder, unless it is the steel cut oatmeal, that does not need grinding. Add a half cupful of coconut, a half cupful of sugar, creamed with a tablespoonful of fat, one well-beaten egg and mix all together. Drop by spoonfuls on buttered sheet and bake until brown. This recipe makes two dozen macaroons.

Banana Bread Pudding.—Place layers of buttered bread and sliced bananas in a baking dish, beat two eggs, add a fourth of a cupful of sugar and two and a half cupfuls of milk with a pinch of salt, pour this over the bananas and bake until the custard is set. Tart jelly may be used instead of the lemon juice if desired.

Bananas With Strawberries.—Peel and mash four ripe bananas; mix thoroughly with a half cupful of crushed strawberries that have been sweetened to taste. Add whipped cream and serve in sherbet cups with whipped cream and a sliced berry on top.

A slice of ham spread with peanut butter and cooked in a little mix makes a change from the ordinary way of serving.

Overcome Now Conditions Which Cause Chills and Fever

It used to be thought that people who lived in certain localities must submit to an annual attack of chills. But scientists have now convinced us that malaria germs poison and weaken the blood and cause chills and fever. They have also discovered effective medicines for destroying these germs. The germs of malaria weaken the blood so rapidly that the whole system is soon undermined.

EASTMAN DEAD.

Former Hickman Man Victim of Pneumonia at Nashville.

William Eastman, long-time citizen of Hickman, died at Nashville on Tuesday evening following an illness of "old pneumonia." His remains were brought back Saturday to Hickman.

Mr. Eastman had for many years resided in the Hickman area, having been born in Hickman, but in later years moved to Nashville where he was employed with the Tennessee Power Co. His health, of course, was not good. He died at his home on the south side.

Funeral services were conducted Sunday afternoon at the home of Billie White, 1111 Main St., the deceased's son, and the remains were interred in the cemetery with M. W. A. Cemetery Director, who also served as pall-bearer.

The sixteenth annual Kentucky State Fair to be held in Louisville the end of September will bring in players, band of forty musicians, one of the greatest musical organizations ever assembled at State Fair. The Player organization is made up of forty amateur theatrical musicians who are versed in comedy music and acrobatics. It is a series of solo artists or instrumentalists, together with a group of vocal singers who are said to be "superborean wonders" and fully up to the highest support of Patriotic Games or Ruth St. Denis.

Players Band was one of the six great organizations which played

Eastman

at the Panama-Pacific Exposition, and is now the only one remaining to carry a return engagement. As a traveling organization it has visited all the principal cities of the United States and has invariably received a contract for a return engagement.

This summer is a musician of the widest culture and training and his repertoire is less restricted by the mere of his musicians' performances. His programs are made up of selections appealing to cosmopolitan ideas and are of a kind to delight crowds with tastes as diverse as that of a State Fair.

WOMEN TORTURED!

Suffer terribly with corns because of high heels, but why care now?

Women wear high heels which break off the toes and they suffer terribly from corns. Women then proceed to rub these points directly rather than hardly under the toe, causing them to become very sore.

Corns can easily be treated out with the fingers if you will get from any drug store a quarter of an ounce of a drug called "frozeen." This is soft, clear to remove every hard or soft corn or callus from ones feet. You simply apply a few drops directly upon the tender, reddish corn or callus. The soreness is relieved at once and soon the entire corn or callus root and all lifts out without one particle of pain.

This frozeen is a sticky substance which dries in a moment. It just shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Tell your wife about this.

"Tut, Tut, Tut!" Think of it—not a store in Hickman we are told, has a Bible for sale. Has the demand been so heavy that stocks are exhausted—or so little that merchants do not carry them?

This Is Worth Reading

If I owe you it will be a pleasure for me to pay you, would it not? Didn't I do you a favor when I sold you on a credit with the promise to pay in a short time? You can answer that. Below I am going to give you a list of figures with no names attached which no doubt will remind you that "W. A. Dodds sure did favor me and I must pay him for I might need a favor some time in the future." Some no doubt will say "I have got him beat good and proper; let him get his money the best he can." This class I want to come and get their receipt in full of account.

and quite a number of accounts \$50.00 and up. Now, gentlemen, do you realize that it takes money to pay for lumber, etc., that I sold you and trusted to you to make payments promptly. Some customers, and I am sure most of them, will come direct and see if any of these accounts are theirs, and if they find they are not, will pay their account at once whether they are on the list or not. Come and see. Yours truly.

Just returned from the annual meeting of the American Legion in about 100,000 men. They are off again to another meeting. Our people have been here from morning till night, and we spent an hour having dinner among thousands of brothers. It is a grand affair. Their enthusiasm is wonderful and their spirit is inspiring.

Office of Director of Nurses, and we expect to receive an answer to our letter in a few days. Miss Brooks, who was a registered nurse, is in the prison now.

THIS IS NEW TO US.

It is said "you have to go away from home to learn the news," and we judge that to be a fact after reading the following from one of our exchanges:

Hickman, Ky., Aug. 3.—Discovery in the nick of time probably saved the lives of many soldiers when a troop train going north, barely escaped running into the crosses placed on the Illinois Central tracks near Rine, this county. The spikes were also removed from two of the rails, and the obstruction was placed on the track near a steep embankment. Had the train struck it the loss of life would have been great. Officials are investigating."

As a matter of fact, there is no such place in this county, and some one has his wires crossed.

NO VOLUNTEERING.

To prevent disruption of industry pending disposition of the Bill proposing to extend draft ages to include all men between 18 and 45 years, voluntary enlistment in the army and navy was suspended completely Thursday on orders issued by Secretaries Daniels and Baker. Civilians are also excluded from appointment to officers' training camps until further notice.

LEMON JUICE IS FRECKLE REMOVER.

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of oil and white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or delicacy counter will supply three ounces of oil and white for a few cents. Make this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and freckles disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

EIGHTY-ONE.

Persons in Kentucky Are Rated as Millionaires.

How many millionaires are there in the State of Kentucky?

A report just issued by the commissioner of internal revenue giving detailed statistics of internal tax collections throws an interesting light on the subject.

Counting 5 per cent as a reasonable average return on a large fortune there are eighty-one millionaires in Kentucky, as there are that many individuals who report annual incomes of \$5,000 and over.

There is one person in Kentucky having an income between \$1,500,000 and 2,000,000 a year. No names are given and everyone is left free to guess as to the identity of the holders of the enormous fortune.

IT IS SERIOUS.

Some Hickman People Fail to Realize the Seriousness of a Bad Back.

The constant aching of a bad back the weariness, the tired feeling, the pains and aches of kidney ill may result seriously if neglected.

Dangerous urinary trouble often follows.

A Hickman citizen shows you what to do.

Mrs. R. F. Smith, 813 Carroll St., says: "Over eight years ago I suffered with an attack of kidney trouble and backache. My kidneys ached too frequently and I was annoyed a lot with my back. Once when I lay over, a terribly sharp pain caught me in the small of my back and made me scream. It was some time before I could straighten up. I bought Dr. Dorn's Kidney Pills at Helm & Ellison's Drug Store and one box gave me such good results, I haven't had to use any kidney medicine since."

Price 90¢ at all dealers. Don't simply ask for a kidney remedy—get Dr. Dorn's Kidney Pills, the same that Mrs. Smith had. Foster Milburn Co., Mfgs., Buffalo, N. Y.

Maxwell Truck Closes Cross-Country Trip Heavily Loaded.

The run of the Maxwell truck sets a new truck record across the continent. The distance was 3418 miles and the time occupied sixteen and one half days. The original schedule called for a daily average of 100 miles. The actual average was above 107 miles a day. The telegram reported the gasoline mileage at twelve miles per gallon. LODGE NOTES

A FAMILY MEDICINE
In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught, Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Thedford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regularly until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Thedford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Thedford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Thedford's original and genuine. E 79

Windstorm policies are trifling in cost but they have lifted many a grievous burden from overweighted shoulders. It is NOT can I afford to? but rather can I afford NOT to?
